SOFT SKILLS

I am a hardworking, ambitious person who likes to socialize with friends and meet new people/cultures.

I am always ready to improve my skills within the area of interest.

I like to work as a group whenever possible

INTERESTS

TECHNOLOGY: Web Design

Web Design is one of the areas that arouses my greatest interest and I try to keep up to the new technologies within it.

MUSIC: Various genres

Music is the art I most appreciate, it helps me to relax and create.

PHOTOSHOP: To draw and project designs.
